Commissioner Jane E. Henney  
Parklawn Building, Rm. 14-71  
5600 Fishers Lane  
Rockville, MD 20857

Dear Commissioner:

We understand that routinely feeding antibiotics to cattle in order to make them grow will result in some bacteria becoming immuned to antibiotics. We ask that you help the Food and Drug Administration in banning the medically useful antibiotics from animal feed.

Very truly yours,

*Michael J. Broderick*
